## LEGION BUILDING MOVE-

The most historic event for Sanborn in decades took place at 10:30 on the crisp morning of October 29, 2014. Many turned out to see the fantastic move and enjoy the coffee, hot cider and donuts furnished gratis by our society. The event took over 2 1/2 years to orchestrate from the time when the building was deeded to SAHS by Sanborn American Legion Post #969 on March 15, 2012 and SAHS subsequently receive a grant from the Town of Lewiston funding the project..

We do thank our lucky stars that all of the players were there to do their job for the move- **the Matthews House Movers for the actual move; National Grid, Time Warner Cable, and Frontier Telephone for the lifting and protecting their cables as needed; and the Town of Lewiston Police and Highway Dept, and the NY State Dept of Transportation for traffic flow and to protect the area; and last but not least, the CSX train master who held up the trains from Niagara Falls and Lockport for 2 hours while the 47 ton, 25 ft high, and 25 ft wide by 56 ft long building was moved along the CSX tracks from route 429 to our Schoolhouse Museum. parking lot. After a break for lunch, Matthews House Movers finished the move along SAHS property parallel to the CSX tracks to the rear of our farm and then north to the museum area where it was delivered over the waiting foundation about 2:10 PM. Jay Went**

## LEGION BUILDING AT FARM

**Construction** of Sanborn has since completed the foundation wall to complete the first phase of the project. We will now finish our planning and construction for the church front and the exhibit areas in the rear of the building. Those with computers can go to our **web site (sanbornhistory.org) to view more pictures and write-ups** in the local papers for the move and the history of this 189-year old building.

The most exciting part of the move was when a tree limb was cut from a tree just off the **CSX right-of-way** to allow the building to squeeze by onto the **CSX right-of-way**. The building side door

**DON'T TOUCH THAT SIGNAL** porch roof was in line with the CSX crossing signal stand. We were told that if this was touched that there would be a \$50,000 fine. The talented movers were able to back up and jockey the building into position to just miss the signal by inches.

## PLANS FOR LEGION BUILDING EXHIBIT AREA-

The area in the rear section of the newly moved Legion Building will be set up for use for museum exhibits including our area veterans. Many of us attended the **showing of a "crazy quilt" by Mary Small of Colorado**. The show was held on July 21, 2005 in the **Sanborn American Legion Post #969** hall. Sewn into the quilt was a ribbon listing the **names of 52 Sanborn**

**Area men that died while serving during the Civil War. Around the border of the ribbon is stitched "Alexander Mabon G.A.R. (Grand Army of the Republic) Post No. 125, Sanborn, NY".** That post was the predecessor to Sanborn American Legion Post #969.

For the last almost 10 years Mrs. Small has been researching the men (she calls them her boys) listed on the ribbon to determine where the family lived, how they died, where they were buried, etc. After the show, before she left Sanborn she indicated that she would donate the quilt to SAHS "after she was through with it". When she was recently told that SAHS owned the Legion building and moved it to our Farm Museum and are in the process of converting the building to a church at the front and a museum including veteran's exhibits in the rear, she offered to donate the quilt to SAHS "when we were ready for it". The numerous

pictures taken at the show and some of Mary's research information together with information provided by Bob Ayers, a Civil War buff from Lockport who is in the process of writing a book on the Civil War, will soon be on our web site (sanbornhistory.org). Bob attended the 2005 show and recently indicated that he would donate to SAHS, a picture of a scene of the Civil War. What a fine way to start off our veteran's exhibit area.

**NIAGARA-SANBORN ANTIQUE SHOW & SALE, Bob Deull- (731-9623) & Bonnie Haskell (990-6909)- Co-Chair, Jane Schultz (731-9404) Basket Auction Sub-Chair- with Valerie Dumpleton and many others assisting.**

The Antique Show and Sale will take place April 11 and 12 at the Wheatfield American Legion Post #1451, 6525 Ward Rd. (Rt. 429) in Wheatfield. The event will be held 9 AM to 4 PM on Saturday and 10 AM to 4 PM on Sunday. A Basket Auction will run concurrent with the Antique Show and Sale

**TOWNSEND HALL, BILL STERNER (417-2990) CHMN**

As hall chairman, Bill has primary responsibility for museum systems management and should be contacted by anyone noting any irregularities at our facilities. Bill is also Keeper of the Townsend Hall usage schedule. Our members are requested to contact him for use of the hall in accordance with our "Member Hall Rental Agreement".

**PROGRAMMING- Glenn Wienke, Chmn (731-5982)**

Glenn reports that the program for the Jan 27, meeting will be "Paleolithic Art- An Overview" by Carol L. Miller of Lockport; for Feb. 24, will be "Tower Farm- 200 Years and Growing" presented by Tom Tower of Youngstown; and for March 24 the program will be "Eastern Monarch Butterfly Farm" including Recovery & Habitat Conservation presented by Dave & Elexis of Clarence. Plans are to have the Council on the Arts in Lewiston make a presentation prior to the program at our March 24<sup>th</sup> meeting of a 4' x 8' mural depicting a farm market scene created by a Buffalo Arts Studio muralist and author, William J Cooper, and donated to SAHS by the Rotary Club. The mural was recently framed by

Those providing the form without their artifacts, will be notified of items accepted and arrangements will be made for receipt by SAHS. Those providing the form with their artifacts will be notified of items accepted and

**Work Times will be on the 2<sup>nd</sup> Tues. of the month** from 9 TO 11 AM at the Schoolhouse Museum. **Please call Jane if you have any artifacts to donate and she will go over the procedure with you.**

**SANBORN BUSINESS & PROFESSIONAL ASSOCIATION-Bonnie Haskell President**

**The SB&PA** held a 2<sup>nd</sup> successful **Autumn Fest in Sanborn** at the farm with SAHS having the food concession. They placed a display of Christmas Carolers on the corner of Rte 31 & 429 with **Wayne & Marcia Rivers** donating the Christmas tree again this year. This display with the lighted snow flakes makes for a nice Christmas setting in Sanborn. New for this year, the **SB&PA** sponsored a community **Christmas Candle Lighting & Carol Singing WALK** with 40 people taking part. **Bonnie** reported that they are working on a new digital sign for the corner of Rt 31 & Rt 429 to show some of the events taking place in Sanborn.

**MUSEUM SITTERS-** We again thank interim chairpersons, **Glenn & Marie Wienke 731-5982** for coordinating the sitters for both the Schoolhouse and Farm museums. We still need some one to relieve them. We also thank those who act as sitters.

## OLD FASHION CHRISTMAS at the FARM- **Bonnie Haskell-held Dec 8 & 9**

We had another fine Christmas at the Farm Museum this year that so many of you put so much work in to. We had a great attendance with about 250 bringing 97 children to receive a present and sit on Santa's lap on Saturday and about 200 with 90 children on Sunday. The weather didn't cooperate this year. It was above freezing and when the snow was cleared from the grass for parking, it was sort of a muddy mess. This shows that we need a large parking lot and have to take this into consideration if we are to hold big events like this in the future. **Bonnie thanks Chuck Flay for being Santa Claus and Sue DeVantier for being Santa's helper** and all of the numerous members and their families that made the event the success that it was and the town's people and others that came out in spite of the parking problem.

## Historical Corner by Gerald E. Treichler The following are remembrances written by **RE Casselman (1886-1974), an early pioneer of Sanborn. He came to Sanborn and started the Sanborn Home Telephone Co. in 1912**

**During** the first world war, with the help of several other men I organized a company of Home Guard with headquarters at Pekin, where we trained in the old Pekin Hall or on the school grounds, in good weather.

At one time we had some forty five members of which were Elmer Crosier, Wm. Pike, Ray Hooter, Walter Baker and Lawrence Fitzgerald who are still living, there may be others but many have died, among whom are Wm. Dale, Bob Roberts, Bert Tompkins, Ross Hudson, Sam Madigan and others.

We had many good times together, the County furnished us with uniforms and rebuilt Civil war rifles so we made a very good showing when we paraded on Decoration Day and at other public events.

**Zeb Roberts** had an old Ford touring car, one-of those that had the side curtains, Zeb drove the old car any place and everywhere and sometimes he failed to observe little things like an oncoming Railroad Train, so he drove across the track at Sanborn Depot one day at the same time the train wanted to use the crossing, the engine hit the rear end of Zeb's car, knocked the body off and left Zeb setting on the Gas Tank.

**In the years** I have lived at Sanborn, some forty eight, I have seen many changes take place thru out the whole section. Over at Pekin when I came here for example, Ed Patt had the barber shop on the corner, Elmer Dale had the grocery store across the corner which later burned, Cap Hayes ran the hotel, Judy Parker had the grocery store where Clancy is now. Lewis had a meat market in the building now apartments. It was a bit of a surprise to walk into the Lewis Meat Market and find Mrs. Wallenwein who both my wife and I had known in East Aurora. Bert Robinson had a Blacksmith shop where Geo. Sornberger's garage now stands. There have been many other changes, I cannot list all of them. When I first came to Sanborn the Pekin cut had not been made.

**I remember** when a little black bear came to Sanborn, it was a good many years ago, but the excitement this half grown bear caused is still remembered.

It was first seen over west of the old school house and news of his presence ran about town like wild fire.

People were out trying to get a look at it, only a few saw him, as he was traveling south and did not linger to make social calls.

The amusing feature of the whole thing was that some mothers would not let their kids out doors to play for two days, not until they read the bear had been shot somewhere south of Lockport.

He was only a little black bear who never knew about the big excitement he caused

**The next** year after I came to Sanborn, in 1913, I built the telephone line along the lower Mountain Road, it was quite a job as, at that time there were many trees along the roadside, while the farmers along the road were interested in Telephone Service, they did not like to see the trees trimmed.

Among the first who had phones installed in their homes, were Fred Hudson, Griff Burnett, Will Burnett (still living), Robert Noble, Chas Wollaber, Frank Keeler and others.

Phone service then was something new and in those horse and buggy days the farmers quickly realized the phone was a great time saver

Later this line was extended on East to Art Giffords and Harry Goulds farm homes.

Phone rental per month rate then was \$1.00. At that there were some who felt they could not afford a phone.

**Back** in the twenties there was a gang killing in Niagara Falls and the body of a young man was dumped in the ditch on the Walmore Road near the Railroad tracks.

Next day it was found and brought to Pike's place and Dr. Draper, who was then the Coroner, called. He came to examine the body and as it so happened he knew who it was, he called the man's brother who lived in the Falls to inform him of what had happened, and for him to make funeral arrangements.

Doctor got the brother on the phone and very quietly told him what had happened but the brother failed to understand and after two or three tries, Doctor's temper took over and he said "you fool, stop talking and listen, your brother has been "bumped off ". He understood that phrase and said he would come to Sanborn at once.

Doctor turned from the phone and said, "some guys only learn a few words of English".

**The Baptist** Church at Sanborn had a tall pointed steeple, the timbers in the steeple became decayed

and it was deemed best to take it down. The feature I remember most about the job was that Geo. Sornberger who did the work, took the steeple down working from the inside, it was some job but George accomplished it without mishap. Church steeples are a thing of the past and are not built any more, and I think it a fine thing that wherever possible they should be preserved.

**As I** see the little boys out playing today, it makes me think back long years ago when there was another group of little boys, now grown to men, out playing. Among some of those little boys of yesterday year, were my own son Daniel, Wm. Peart, Wayne Gillingham, Bobbie Barber, Bobbie Crosier and Gordon Hermanson. As a general thing if you saw one of those boys there would be three or four more along just to think up things to do.

Never will I forget one time in dry weather in the summer, Daniel came into the house his feet were wet and clothes were torn and covered with dirt. His mother wanted to know where he had been to be in such shape. Instead of telling her he just looked at her with a big smile and said, "Gee Ma, we had lots of fun" and mother or I never did find out where or what.

Boys are boys and always will be, time may march along one set goes but there is always another set to come along.

**George** Woodward had a barber shop in what is now the Victor Barber building. George live upstairs and had his shop on the first floor. George had electric lights installed and had purchased one of those electric player pianos. To make it play you dropped in a nickel, it worked fine until we had trouble with the main 11,000 volt transformer, the power was off for some days until it could be replaced. In the meantime someone put a nickel in the electric piano but as the power was off it failed to play at that time. The new replacement transformer was delivered in the afternoon, Bill Mielke and I worked until about 2 in the morning to get the power restored.

You know the answer, when the power came on, the lights not only came on and lit the place up, but the piano began to play and George upstairs, asleep in bed woke up thinking burglars had broken in and set the place on fire!
